· 250% faster processor

· 400% more memory

· 50% more energy efficient

· Supports wireless upgrades to future-proof your home

* Requires Z-Wave hub or controller, functions may vary depending on brand.

** Ultra Charge safely charges up to 40% faster than traditional 5.0V USB chargers. Results will vary by device & connected cable.

† Independent control requires hub with multi-channel support

3.4A USB Charging

Manual ON/OFF & program button

3.4A USB Charging

Polarized wirelessly controlled outlet

Polarized wirelessly controlled outlet

Leaves 2nd outlet free for use

Save Energy, Save Money

Full Range Dimmability

Two Outlet Smart Dimmer plus Two USB
Wirelessly control both outlets independently[†]

Adjust brightness level from 0-100%.
Dimming lights cuts energy cost and extends bulb life.
Dims in 1% increments.

Device Configuration

Adding your device to a Z-Wave network
Once the hub is ready to add your smart dimmer, press and release the top button on the smart dimmer to add it in the network.

To remove and reset the device
Once the controller is ready to remove your device, press and release the top button on the smart dimmer to remove it from the network.

To return to factory defaults
If plugged in, unplug from the receptacle. Press and hold the top button for at least 3 seconds while you plug the dimmer into the receptacle.
